Germany's Charge d'Affaires at Washington presented the protest to the under secretary of state, it was added.

AUDITOR

TAX RATES WERE DISCUSSED

Largest Division Goes To Special  
School Funds Of Townships

In the office of the auditor of the county there has just been completed the details of the distribution of the funds derived by the county from the fall payment of taxes, which reveals the total collected in taxes for that period as \$214,409.30. This is a smaller amount than in recent years, because of the decrease in the tax rates in effect in 1933. The distribution sheet carries the signatures of Gilbert E. Ogles, auditor, and Roland Lane, treasurer.

The state treasury receives a part of this total amount collected in the county, and the remainder, which is the major part, is distributed among the various county, township and municipal funds.

The largest division goes to the special school funds of the respective townships, this amount being \$47,664.99. The general fund corporation tax takes \$18,573.98. Next below this fund, in size, is tuition tax funds of the townships, totalling \$16,757.90 over the entire county.

The county unit road bonds and interest, a county-wide expense, calls for an expenditure of \$14,009.02.

Next below come township poor funds, totalling \$10,963.99. The township road bonds and interest absorb another \$10,346.79.

The state receives the following payments derived from the 15-cent state tax levy:

State general fund, \$4,272.27.  
Common school relief fund, \$8,144.42.  
Teachers' retirement fund, \$2,586.39.

Mutilated Body  
Of Girl Found

SUSPECT SHE HAD BEEN KIDNAPED  
AND MURDERED BY  
WHITE SLAVE RING

KEELERSBURG, Pa., Dec. 22.—(UP)—Authorities suspected today that 19-year-old Margaret Martin, whose nude body was found trussed in a gunny sack in a creek near here, had been kidnaped and murdered by a white slave ring.

The suspicion was based on a similarity of the technique used by Miss Martin's kidnapers and the known operations of a white slave ring which has operated in Wilkes-Barre recently.

The white slavers got the names of girls seeking work from legitimate employment agencies, interviewed them privately, offering first steno-graphic work then very large pay if they would voluntarily enter disorderly houses. In some cases, it was said, these girls had either been threatened or subjected to physical violence.

The man who lured Miss Martin from her home in Kingston Saturday was offering her a job as stenographer. Nothing more was heard of her until a trapper found the gunny sack partly submerged beneath a bridge on the Williamsport road near here and 12 miles from Kingston. He dragged it ashore and called police.

Miss Martin's body was mutilated suggesting that she had been tortured either by white slavers seeking to force her into commercial immorality or by a sexual maniac. An autopsy will determine the cause of death. It was indicated that she had died of strangulation or drowning.

LEADERS ARRESTED

BELFAST, Northern Ireland, Dec. 22.—(UP)—The Home office announced today that 34 leaders and members of the Irish Republican army had been arrested during the night on charges of plotting violence.

The announcement said police learned "plans were prepared by the I. R. A. for attacks on persons occupying prominent positions and upon government and other property during the Christmas and New Year periods."

CHILDREN  
GUESTS OF  
ELKS LODGE

WERE TAKEN TO CHATEAU  
THEATRE FOR FREE  
PICTURE SHOW

DINNER HELD AT CHURCH

Nearly 200 Worthy Boys And Girls  
Given Big Dinner,  
And Gifts

Nearly two hundred worthy boys and girls were guests of the Greencastle Elks at their annual Christmas dinner in the Gobi Memorial church Wednesday evening at five o'clock.

When schools closed at 3:45 o'clock, members of various Boy Scout patrols and the city police were on hand to take charge of the children who were to be guests of the Elks and they were taken to the Chateau theater where Manager Reckley gave them a free show. Following the picture show, the boys and girls marched to the church where they were seated at tables of ten each. Some of the teachers were on hand to assist during the dinner.

A splendid dinner had been prepared by the women of the church and every seat at every table was taken. The children were perfect guests and to say that they enjoyed the dinner would be putting it mildly and this is one happy affair that they have to look forward to from year to year.

In addition to the dinner, they were given a treat of fruit and candy by Santa Claus and every lad went home with a more friendly feeling for the community as a whole and the Elks in particular. The members of the lodge who had charge of the dinner probably felt better than any of the children, because they saw the good it did everyone and this made the occasion one of the happy high-lights of the holiday season for everyone.

Supt. Boston had arranged for school buses to be at the church to take the children home.

The Rotary, with Dr. W. E. Edington presiding, presented large Boy Scout neckerchiefs to each member of the troop. Those present for the occasion and receiving official neckerchiefs were Billy Hinkle, Melvin Jones, Jack Crawley, Junior Wood, Billy Blitzer, Philip Shuck, Junior Grimes, Merl Grimes, Charles Nichols, Robert Monnett and Donald Covert. The presentations were made by Rex Thornton, of the Rotary scout committee.

ABOLITION  
OF WPA IS  
DEMANDED

ANTI-NEW DEAL DEMOCRATS  
OPPOSE REQUEST FOR  
MORE FUNDS

MAY CAUSE BITTER DEBATE

Favor State Administration Of  
Relief To Introduce New  
Bill

WASHINGTON, Dec. 22.—(UP)—The Works Progress Administration's request for emergency funds to avoid a shut-down Feb. 7 met opposition from an anti-new deal Democrats in Congress today. Sen. King, D., Utah, demanded the abolition of WPA.

King, an opponent of most administration policies, based his demand on reports to the Senate campaign investigating committee which charged that relief workers were coerced during election campaigns in several states.

"I am unwilling to turn any more money over to the WPA," he said, "in view of the revelation of its incompetency and political activity."

In place of WPA, he said he would introduce a bill to place supervision of distribution of federal relief funds with the chairman of the Senate and House Appropriations committees.

King was joined by Sen. Wheeler, D., Mont., who has opposed the administration often since he led the successful fight against President Roosevelt's court reorganization bill two years ago.

"The WPA is a political liability," Wheeler said, "and there should be a house-cleaning within the agency." He said that he now favored state administration of relief because the present setup had brought "discredit" upon the federal government.

King's plan would make the secretary of the treasury custodian of relief funds. But the appropriation chairmen would authorize the distribution of funds to states upon certification by them of their unemployment and relief needs. Such a plan would return administration of relief to the states.

Statements by King and Wheeler indicated that efforts to get the new Congress to vote emergency relief funds immediately might precipitate a bitter debate in the Senate.

First official indication that WPA's \$1,425,000,000 voted by the last Congress, would be depleted early in February was given by Deputy WPA Administrator Aubrey Williams yesterday. He told a group of Pennsylvania relief workers, who came here to protest WPA layoffs, that permanent dismissals would begin as early as Jan. 26 unless Congress votes more money immediately. WPA currently has more than 3,000,000 persons on its rolls. An estimated 10,000,000 persons are dependent on WPA salaries.

Previously, WPA officials estimated that their funds would last until Feb. 15 instead of March 1—the date set by Congress. But treasury statistics had indicated that without drastic cuts in rolls they could not be expected to last beyond January.

TODAY SHORTEST DAY  
AND FIRST OF WINTER

Light clouds in the east this morning formed a screen upon which the light of the rising sun was displayed, in rosy tones of color, ushering in the shortest day of the year. The sun, which was at 6:24, according to the information in such matters, crossed the equator at 8:14 this morning, making the day the briefest and also the first day of winter.

From now on until the calendar tells of another crossing of some line by the sun, winter will be with us. As far as the uninformed are concerned, the days immediately preceding the calendar's first day were very much like the latter. Today, there were but 9 hour and 26 minutes of sunshine—and maybe not that much, depending upon the prevalence of the clouds which threatened to obscure the sunlight.

The weather prospects which were sent out at noon today for this area called for rain or sleet and maybe snow, but not so cold.

Suicide Note To  
Be Made Public

MUSICA EXONERATED THREE  
BROTHERS CHARGED WITH  
THE SWINDLE

NEW YORK, Dec. 22.—(UP)—Attorney Samuel Reich said he would make public today a suicide note in which Philip Musica, (F. Donald Coster,) ex-convict president of McKesson and Robbins, Inc., took full blame for the drugs firm's \$21,000,000 shortage and exonerated his three brothers who are charged with the swindle.

The note was said to describe the three surviving brothers as "stooges," who did not realize that the crude drugs department, supposed to contain almost one-fourth of the company's assets, was not only an empty shell but a blind for bootlegging, munitions and possibly illicit narcotics trading.

Reich, who is United States attorney at Bridgeport, Conn., did not say whether Musica's note admitted any of those sideline schemes which are now engaging federal and state investigators, or whether it supplied the missing details of how Coster, Musica was able to disappear in 1929, while under perjury indictment in a poultry racket case, and reappear five years later in Wall street as Coster, industrial organizing genius.

It was understood that his suicide note named others implicated with him in the McKesson and Robbins swindle, but not his brothers. The brothers, however, were so deeply involved that they were held under \$100,000 bonds.

Pageant Given  
By Glee Club

"THE NATIVITY" PRESENTED  
TO PUPILS UNDER DIRECTION  
OF MISS CURNUTT

Before dismissal for the Christmas vacation Wednesday afternoon, a pageant entitled "The Nativity" was presented to the pupils by members of the high school glee club and chorus, under the supervision of Miss Leah Curnutt, music supervisor. Various episodes pertaining to the birth of Christ were depicted in a very impressive manner. Costumes appropriate to the scenes and characters added to the effectiveness of the pageant.

The principal parts were represented by the following persons: Gabriel, John Cartwright, Mary, Mary Ellen West, Joseph, Maud Flannigan, Three Kings, James Bamberger, Robert Pierson, and William Lockwood.

Shepherds, Wayne Geabes, Duane Sherman, Jack Moberly, Robert Albright, and John Butler. The students representing the angels were from the eighth grade and the chorus was made up of pupils from the seventh grade.

Throughout the pageant at intervals the well known Christmas carols such as "Silent Night" and "Come All Ye Faithful" were sung.

TRIAL OF  
CONTEST TO  
BEGIN FRI.

PROCEDURE TO BE SIMILAR TO  
THAT OF ANY OTHER  
COURT TRIAL

TO INTRODUCE WITNESSES

Absent Voters' Ballots Without Initials To Come Before Court

When the Putnam Circuit Court convenes tomorrow morning, the matter of the election contest in which Ray Vaughan is contestant against George L. Rice will be called for trial. The procedure will be similar to that of any other trial in court. Each side will introduce evidence, consisting of contested ballots, tally sheets and witnesses in persons and the introduction of evidence will be followed by arguments by the attorneys. At the completion of the arguments, Judge Courtland C. Gillen is expected to announce that he will take the evidence and arguments under consideration, and will announce his finding as soon as it is completed.

Under such procedure, the court will consider the case in private, giving each contested ballot careful consideration, and, inasmuch as there are 257 of these, a finding in the matter will not be expected until some time next week.

There is a Supreme Court ruling in a contested election case, in which the highest court took up each contested ballot individually and ruled upon it. It may be assumed this ruling and procedure will be followed as a guide by the Putnam court in this case.

In such a procedure in the local court, if the court finds a contested ballot which appears to be similar in its character to any that was ruled upon by the higher court, it may be assumed the local court will rule on the ballot in the same manner that was followed by the high court.

The matter of the absent voters' ballots which did not have the poll clerk's initials will come before the court, along with other considerations.

DOCUMENTS FOUND TELL  
MILITARY OPERATIONS

BURGOS, Spain, Dec. 22.—(UP)—A Spanish nationalist communique said today that documents found in the baggage of British Vice Consul Harold Goodman "undoubtedly were meant to inform enemies of nationalist Spain regarding future military operations."

The communique made it plain that the documents were found in a bag sent by the British vice consulate, of which Goodman happened to be the bearer. It was added that British representatives had shown the greatest desire to clear up the incident.

A detailed investigation which is being carried out seems to prove the existence of a spy organization which used for communication with the enemy, the means in which the documents in question were discovered," said the communique.

GERMAN PROTEST REJECTED

WASHINGTON, Dec. 22.—The United States rejected a protest of Germany against Sec. Harold Ickes, it was announced today by acting secretary of state, Sumner Wells, after a semi-official announcement of the answer of this action was made in Berlin.

Germany lodged a protest against Ickes as a result of his Cleveland speech. The rejection was made emphatically and at the same time the German press was severely criticized in its attack on Pres. Roosevelt and his cabinet.

## Berg-Thompson Wedding Solemnized Wednesday

An impressive and beautiful wedding of the Christmas season was solemnized at 8:30 o'clock Wednesday evening at the Gobi Memorial Methodist church, when Miss Patience Woodbury Thompson, daughter of Dr. and Mrs. Van Denman Thompson, south Locust street, became the bride of Professor Herman Clyde Berg, head of the violin department in DePauw University and the son of Mr. and Mrs. Frank Berg of Emporia, Kansas.

The single ring service was read by Dr. Clyde E. Wildman, president of the immediate families and several hundred guests.

The altar was beautifully decorated in fountain cedars, palms and white flowers, on either side of which were seven branch candelabras holding lighted white cathedral tapers.

Edward Shadbolt, organist, and a professor of piano in the DePauw School of Music, played excerpts from Wagner's "Lohengrin" and "Tristan and Isolde." For the processional he played the wedding march from "Lohengrin" and "The Wedding March" by Mendelssohn during the recessional. Preceding the ceremony Miss Edna Tyne Bowles, also of the DePauw School of Music, sang "Ich liebe dich" by Beethoven, "Traume" by Wagner and "Minnelied" by Brahms.

The bride, lovely in a gown of ivory slipper satin, long train, long sleeves, and high neck, approached the altar on the arm of her father who gave her in marriage. A tulle veil fell from a halo of seed pearls. She carried a bridal bouquet of gardenias, white sweet peas and pink sweetheart roses.

Mrs. Evan Crawley was her sister's matron of honor. She was attractive in a gown of royal blue net over taffeta trimmed in silver sequins. She wore a velvet bow in her hair, silver slippers and carried a bouquet of white narcissus, white sweet peas and small blue flowers. Dr. Ray C. Maul of Emporia, Kansas, brother-in-law of Prof. Berg, was best man.

All wore wine net gowns over taffeta fashioned alike and trimmed in silver sequins, with velvet hair ribbon bows and silver slippers. They also wore silver lockets, gifts of the bride. They carried small bouquets of white and blue sweet peas.

Ushers were Arthur Perry, city, Walter Whitworth of Indianapolis, Perry Sampson of Brazil; and Edmund Jarvis, Henry Kolling and Jarvis Davis, all of the DePauw faculty. The bride is a junior in DePauw University. She is a member of Kappa Alpha Theta and Mu Phi Epsilon sororities.

## Election Laws To Be Revised

MAY RETURN TO DIRECT PRIMARY FOR NOMINATING U. S. SENATORS

INDIANAPOLIS, Ind., Dec. 22.—UP—A complete revision of Indiana election laws, including the return to a direct primary for nominating candidates for U. S. Senator and state officers will confront Indiana's 81st general assembly when it meets in January.

Almost everyone is in accord that the election laws should be reconditioned and brought up to date. It has been pointed out that Indiana's election laws now consist mostly of amendments and revisions to the law of 1881. Every succeeding legislature has changed the statute and now the acts are so confusing that attorneys claim it is impossible to interpret what they mean.

A special governor's commission is studying the question and probably will make recommendations to the legislature. The problem reached the acute stage recently when the state Supreme court ruled that defeated Republican candidates in the Nov. 8 election could not conduct a recount of votes in seven counties. The court pointedly declared that the election laws needed revision. Most leading Republicans and many Democrats, including Sen. Frederick Van Nuys, are demanding a direct primary in place of the present

ent convention system for nominating candidates. Labor and the farm bloc also are behind the move.

It is claimed that the convention fosters "bossism" for the controlling faction is able to dictate who shall be nominated. Van Nuys bitterly attacked the convention system when it appeared early last summer that Gov. M. Clifford Townsend's organization would not permit his nomination. Many delegates were disgruntled because the nominees were hand-picked prior to the convention and no other names were allowed to be placed in nomination.

Scores of other bills dealing with important subjects will be presented to the legislature.

The controversial measure to legalize horse racing in Indiana, which passed the House of Representatives two years ago, is expected to be introduced again. The bill never came to a vote in the Senate.

Rep. William Black, D., Anderson has announced he will introduce a measure designed to stamp out the sale and use of marijuana in Indiana claiming that the narcotic is being dispensed widely among high school students of the state.

County sheriffs and prosecutors plan to ask that their tenures of office be extended from two years to four years.

## Athenians Win Over Cubs 24-11

Coach Downey's highly touted five apparently suffering from a let down after trouncing Anderson last Saturday night dropped a game to Crawfordsville last night that at no time could hardly be classed as close. Many thought the locals were giving a Christmas party for the Athenians and were presenting Coach McCulloch with just what he wanted for Christmas.

The Cubs were demoralized early in the game and Oscar Hybarger, Crawfordsville guard, connected with three successive long shots and as the game progressed he accounted for a total of ten points.

Crawfordsville took the lead on the opening play by virtue of Smith's free throw. He was fouled by Raymond York, Tiger guard, as he attempted the first shot of the game. Combined with Hybarger's three buckets in the first quarter, Smith's charity toss put the Athenians ahead 7 to 5, at the end of the period.

Masters of the situation, the Athenians were ahead, 16 to 7 at the half, and led 18 to 8, going into the last period.

Crawfordsville's reserves stepped off a second half GreenCastle rally in the preliminary to win, 27 to 22. The Gold and Blue Bees had led at the half, 15 to 12.

## WATER WALKER LOST IN 1861

SAN FRANCISCO (UP) — Research workers of the Federal Writers' Project have found records of at least one attempt to walk on water. In 1861, according to the document found, a certain Rowlands alighted from a steamboat to take a stroll across San Francisco bay, wearing his own invention of "canoe shoes with legging." "Up to sunset," the contemporary document states, "this boy has not been found."

## New Gulf Station Set For Opening

FRIDAY AND SATURDAY WILL  
BE OFFICIAL OPENING DAYS  
FOR STATION

After an extensive building program, the Bradley Gulf Service station announced today that official opening of the new and modern station at 404 east Washington street would be held Friday and Saturday Dec. 23 and 24.

Mel Bradley, identified with the Gulf service for several years, will serve as lease-manager of the east Washington station. Mr. Bradley comes to Greencastle from Terre Haute, where he has spent the last five years with Gulf. He is thoroughly experienced in complete automobile service, and his intensive training will be valuable in his station here.

Mr. Bradley's assistant will be Maurice "Spud" Hurst, a well known local young man. Mr. Hurst has had considerable experience in automobile servicing.

The attractive cement stucco station is accessible from east Washington street and Locust street. There is adequate drive space to accommodate several cars at a time. On the exterior will be three of the latest type computing pumps, two automatic air pumps and displays. Reflector type lights will make the lighting system appealing to the motorists. A large Gulf disc, located at the Washington street curb, is visible for several blocks.

Connecting the main headquarters is a large servicing department, equipped with a hydraulic lift of the latest type and washing space. Two modern comfort rooms are included in the building proper. An up to date automatic heating plant provides even temperatures to the station.

"We invite the public to be present for our opening and meet the new Gulf station. There will be gifts for our guests Friday and Saturday, official opening dates," Mr. Bradley

It's here to save your life! Just look at the row upon row of never-ending spiral bars in this new Life-Saver Tread.
